

# Daiwa Consumer and Gaming Conference

14-17 May 2019, Tuesday-Friday  
Hong Kong

**Daiwa**  
Capital Markets

Bringing together several companies, the event will provide a cross-sectional view of what is happening in the consumer and gaming spaces. Join us to hear these corporates discuss a host of issues, including premiumisation, digitalisation and urbanisation, policy tail/headwinds, fast-changing consumer preferences, and the key trends underpinning China's shift towards consumption-driven GDP growth and the changes now under way in Macau's gaming industry. Who stands to benefit from China's rising income levels and burgeoning e-commerce retail market — and who is set to lose? What kind of sustainable growth can we expect going forward? Find out the answers to these questions and more by attending Daiwa's Consumer and Gaming Conference 2019.

**Investor registration cut-off date: 26 April 2019, Friday**
